Re: Request for Certificate of Correction

Consideration has been given your request for the issuance of a certificate of correction for the above-identified patent under the provisions of Rule(s) 1.322.

Inspection of the application for the patent reveals, however, that in connection with the alleged error pertaining to Column 5, line 23 of which applicant has referred; deleting "aperture 354" does not apply, since it would result in reference character "354" in Fig. 4, without a reference in the specification. Col. 5, line 23 should be corrected as follows: After "aperture 354" insert --in-- as will reflect on applicants certificate of correction and considered in accordance with the records of this office.

In view of the foregoing applicants request in this matter approved as indicated. Any telephone inquiry concerning this communication should be directed to Ms. A. Green at (703) 308-9380 ext. 123.
